

## Assignment 1. Billing Alarm And MFA

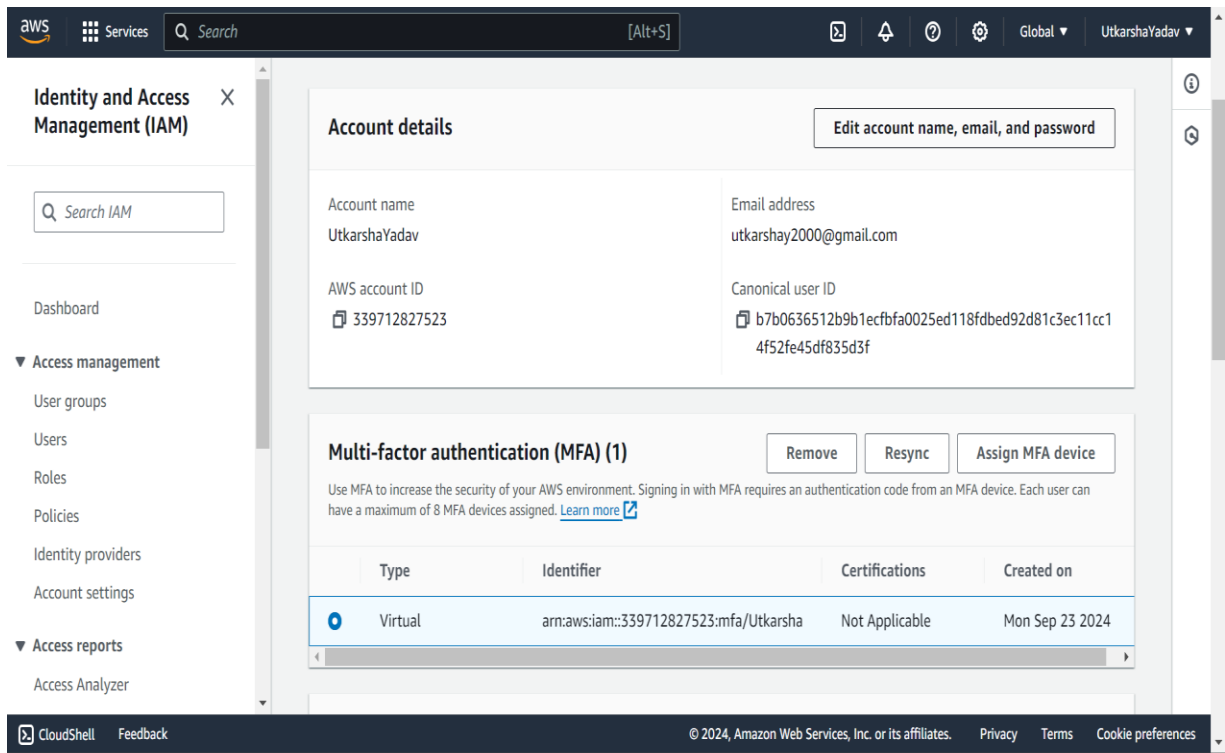

### Billing and cost Management:- Billing Alarm

The screenshot shows the AWS Billing and Cost Management console. The left sidebar contains navigation links for Home, Getting Started, Billing and Payments, Cost Analysis, and Data Exports. The main content area displays the 'Budgets (1)' overview page. It includes a search bar, a 'Download CSV' button, and a 'Create budget' button. A table lists the budget details:

Name	Thresholds	Budget	Amou...	Foreca...	Curr
<a href="#">My AWS Monthly Cost Budget</a>	OK	\$1.00	\$0.00	\$0.00	

### Setup MFA for Root User

The screenshot shows the AWS Identity and Access Management (IAM) console. The left sidebar contains navigation links for Dashboard, Access management, and Access reports. The main content area displays the 'Account details' page. It includes a search bar, a 'Search IAM' button, and a 'Multi-factor authentication (MFA) (1)' section. The 'Account details' section shows the account name 'UtkarshaYadav', the AWS account ID '339712827523', the email address 'utkarshay2000@gmail.com', and the canonical user ID 'b7b0636512b9b1ecfbfa0025ed118fdbed92d81c3ec11cc14f52fe45df835d3f'. The 'Multi-factor authentication (MFA) (1)' section shows a table with the MFA details:

Type	Identifier	Certifications	Created on
Virtual	arn:aws:iam::339712827523:mfa/Utkarsha	Not Applicable	Mon Sep 23 2024
